

• Non traditional ways to teach basic facts

### Where we want to go

- cross curricular connections
- Deeper inquiry questions to push learning deeper
- Explore more before solve problem
- People's Principles - other ways of knowing
- Young entrepreneurs
- Computational Fluency
- Spiraling back to revisit concepts + extending to new learning
- More about Financial Literacy
- Finding more time with Stuck Kids
- Using technology
- Teach how to read the question - what do you need to do?
- Re assessment + check
- Teaching P.S. strategies
- Balancing content ... what are top priorities...
- groups or levels ... guided math
- what to do with earlier finishers

How to sign a library book
